

# PUT A NOSE ON IT

Words and music by  
Andy Harsant and Mark and Helen Johnson

## CHORUS

Let me hear you say, 'Come on, it's Red Nose Day!',  
You know the time has come to smile the blues away.  
We're gonna have some fun by making someone's day,  
So get up everyone, 'cause the only way is to put a nose on it!  
Put a nose on it! Put a nose on it! Put a nose on it!  
Put a nose on it! Put a nose on it! Put a nose on it!

1 We're doing what we can to get a giggle,  
We're doing what we can to hear you roar,  
Making laughter count for so much more!  
We're putting on the funniest of faces,  
We're trying out the silliest of walks,  
Telling jokes you've never heard before!

## CHORUS

## RAP

Make your laugh matter, do what it takes,  
Bake a nice cake,  
Give your body a shake  
And make some money dressing funny,  
Do a cool trick, acrobatic,  
Juggle like a clown  
But be sure to PUT A NOSE ON IT!

2 We're doing something funny for the money,  
We're doing something silly for a laugh,  
Raising money being dotty and daft!  
We're doing what we can to make a difference,  
We're doing what we can to show we care,  
Letting laughter change a life somewhere!

## CHORUS

... Put a nose on it! Put a nose on it! Put a nose on it!  
[Spread the fun around, make your laugh count. Come on now!]  
Put a nose on it! Put a nose on it! Put a nose on it!
